I reserved a conference room on the 17th floor of EPA's offices at 290 Broadway. When you arrive at the building, tell the security guards that you have a meeting at EPA. The receptionist on the 17th floor will direct you to the conference room. Pam Tames, the remedial project manager for LLC, and Patricia Pierre, the remedial project manager for the IFG Facility and Deferred Media subsite, will also be in attendance.

We are also planning on inviting NYSDEC to participate (most likely via conference call). If there is a powerpoint presentation or handout, please provide any such materials in advance so those participating on the phone can follow along.

Ms. Kuehler:

I am writing to confirm that the presentation to be made to you and Lauren Charney will take place at 10:30 a.m. next Thursday, December 8, 2011 at the USEPA Region 2 offices located at 290 Broadway, New York, NY. The primary attendees and presenters shall be David Palmerton of the The Palmerton Group and Mark Brown of Waterviews, LLC. Unless I am informed otherwise, they will come equipped with the necessary audiovisual equipment. They will need a room or space that allows them to project their presentation onto a white surface or wall.

Their work was performed at the request of the industrial PRPs identified by USEPA. The PRPs will have one or two representatives at the meeting. Attorney David Nunn, who is copied on this e-mail, will confirm and identify those attendees as soon as possible. Mr. Mendez and I will be in attendance on behalf of Onondaga County. I do not know if a representative of the Town of Salina will want to attend. Aside from the attending PRP representatives,

other PRP representatives have requested the opportunity to attend via conference call. Assuming we meet in a room with a conference call capable speaker telephone, we will arrange for a call-in number for the meeting room to dial and any others who may want to participate in that manner.

As noted in my original request, the purpose of this meeting is to allow Mr. Palmerton and Mr. Brown to present their findings to you and Ms. Charney.

Please send a confirming e-mail at your first convenience so that all attendees can finalize their travel arrangements.

Lastly, do you anticipate any government attendees other than you and Ms. Charney?

Thank you.
